

Krity Dangol

Frontend Developer

📍 Sanepa, Lalitpur 📩 kritydangol1@gmail.com

As a frontend developer specializing in React and UI/UX design since 2021, I have delivered dynamic web applications and mentored junior developers. I am eager to support final-year students as an external supervisor, guiding them in project development to achieve their full potential in web development.

2017–2019
High School, Science

 **Gyanodaya Bal Batika**
2008 – 2017
School, SEE

Tools

Projects

Trisara Restaurant

Created a dynamic website by designing the UI/UX in Figma and implementing it using React.js, ensuring a seamless and interactive user experience.

Druk Air Holidays

Developed a fully mobile-responsive dynamic website using React and guided junior developers throughout the project to ensure successful completion.

Chariot Group

Developed a dynamic, mobile-responsive website using React.js, ensuring seamless functionality and user experience across all devices.

Serene: A Mental Health App

Designed and developed a mental health app using Figma and React.js. The app features journal writing and saving, mental health tests, and a chat platform for users to connect with each other.

Parth Student Venture

Developed a website using WordPress and Elementor to effectively portray the company's values.
